

THE
TIMES
OF THE
SIGNS

2 Thessalonians 2:1-12

1. Now concerning the coming of our Lord Jesus Christ and our being gathered together to Him, we ask you, brothers,
2. not to be quickly shaken in mind or alarmed, either by a spirit or a spoken word, or a letter seeming to be from us, to the effect that the day of the Lord has come.

The Day of the Lord

- In general terms, the Day of the Lord refers to a special or unique time when God's power and holiness are unveiled, bringing terror and death to His enemies.
- The Day of the Lord is a prophetic term that primarily speaks of the supernatural outpouring of God's judgment on Israel, the Gentile nations, or both.
- The Day of the Lord never refers to a literal day but is used figuratively to refer to a period of time much as John uses hour in the phrase "the hour of His judgment has come" (Revelation 14:7)

3. Let no one deceive you in any way. For that day will not come, unless the rebellion comes first, and the man of lawlessness is revealed, the son of destruction,

2 Thessalonians 2:3 (Amplified Bible)

Let no one deceive or beguile you in any way, for that day will not come except the apostasy comes first [unless the predicted great falling away of those who have professed to be Christians has come], and the man of lawlessness (sin) is revealed, who is the son of doom (of perdition)

- 
4. who opposes and exalts himself against every so-called god or object of worship, so that he takes his seat in the temple of God, proclaiming himself to be God.
5. Do you not remember that when I was still with you I told you these things?
6. And you know what is restraining him now so that he may be revealed in his time.
7. For the mystery of lawlessness is already at work. Only he who now restrains it will do so until he is out of the way.

8. And then the lawless one will be revealed, whom the Lord Jesus will kill with the breath of His mouth and bring to nothing by the appearance of His coming.
9. The coming of the lawless one is by the activity of Satan with all power and false signs and wonders,
10. and with all wicked deception for those who are perishing, because they refused to love the truth and so be saved.
11. Therefore God sends them a strong delusion, so that they may believe what is false,
12. in order that all may be condemned who did not believe the truth but had pleasure in unrighteousness.

1 Thessalonians 5:1-6

1. Now concerning the times and the seasons, brothers, you have no need to have anything written to you.
2. For you yourselves are fully aware that the day of the Lord will come like a thief in the night.
3. While people are saying, "There is peace and security," then sudden destruction will come upon them as labor pains come upon a pregnant woman, and they will not escape.

- 
- The background features a large, semi-circular clock face with numbers 45, 50, 55, and 60 visible. The clock is set against a dark, moody background with faint silhouettes of people dancing or celebrating, and some light streaks resembling lightning or fire. The text is overlaid on the left side of the clock face.
4. But you are not in darkness, brothers, for that day to surprise you like a thief.
 5. For you are all children of light, children of the day. We are not of the night or of the darkness.
 6. So then let us not sleep, as others do, but let us keep awake and be sober.

1 Thessalonians 1:10 (Amplified Bible)

And [how you] look forward to and await the coming of His Son from heaven, Whom He raised from the dead—Jesus, Who personally rescues and delivers us out of and from the wrath [bringing punishment] which is coming [upon the impenitent] and draws us to Himself [investing us with all the privileges and rewards of the new life in Christ, the Messiah].

Luke 21:25-28

25. And there will be signs in sun and moon and stars, and on the earth distress of nations in perplexity because of the roaring of the sea and the waves,
26. people fainting with fear and with foreboding of what is coming on the world. For the powers of the heavens will be shaken.
27. And then they will see the Son of Man coming in a cloud with power and great glory.
28. Now when these things begin to take place, straighten up and raise your heads, because your redemption is drawing near.

The background features a large, semi-circular clock face with numbers 45, 50, 55, and 60 visible. The clock is set against a dark, textured background with faint silhouettes of people celebrating, some with arms raised, and a lightning bolt. The overall tone is dramatic and hopeful.

Titus 2:13 (Amplified Bible)

Awaiting and looking for the [fulfillment, the realization of our] blessed hope, even the glorious appearing of our great God and Saviour Christ Jesus (the Messiah, the Anointed One)

The fact that the cargo was originally intended to be sent to Mozambique is doubtful. We estimate the delivery was highly likely to have been planned and made to Beirut, and Mozambique was just the cover for this operation. There are indicators the delivery was made by Russian military intelligence. The delivery scheme, the company and the people involved speak for that. Numerous facts flag Russia's involvement in weapons supply to Hezbollah, operating in close coordination with the Russian troops and the army of Bashar Assad in Syria.

The Institute for Global Threats and Democracies Studies

In addition to the white sphere that can be seen expanding – which is condensation of the sea air – you can clearly see a brick orange column tending to bright red, typical of lithium participation. Lithium-metal is a propellant for military missiles, so I think there were armaments there. It seems like an explosion of an armament warehouse.

Explosives expert Danilo Coppe told Italian daily Corriere

To improve the state of the world, the **World Economic Forum** is starting **The Great Reset** initiative.

The Covid-19 crisis, and the political, economic and social disruptions it has caused, is fundamentally changing the traditional context for decision-making. The inconsistencies, inadequacies and contradictions of multiple systems – from health and financial to energy and education – are more exposed than ever amidst a global context of concern for lives, livelihoods and the planet. Leaders find themselves at a historic crossroads, managing short-term pressures against medium- and long-term uncertainties.

WORLD
ECONOMIC
FORUM

THE OPPORTUNITY

As we enter a unique window of opportunity to shape the recovery, this initiative will offer insights to help inform all those determining the future state of global relations, the direction of national economies, the priorities of societies, the nature of business models and the management of a global commons. Drawing from the vision and vast expertise of the leaders engaged across the Forum's communities, the Great Reset initiative has a set of dimensions to build a new social contract that honours the dignity of every human being.

Abortion Statistics: Year ended December 2019

Some key facts. In 2019:

- 12,857 induced abortions were performed in New Zealand, down from the highest figure of 18,511 in 2003.
- the general abortion rate was 13.1 abortions per 1,000 women aged 15–44 years, down slightly from 13.7 per 1,000 in 2018
- most abortions (64%) were a woman's first (36% not the first)
- 18 percent of known pregnancies (live births, stillbirths, and abortions) ended in an abortion.

You'd think that a global pandemic that's killed hundreds of thousands would at least temper the advance of legal killing. It hasn't. While headlines worldwide were praising New Zealand's prime minister for her handling of COVID-19, she was working to pass what might be described as the most extreme abortion laws on the planet. In late March, New Zealand's parliament voted, in the words of the New York Times, to "loosen" the nation's abortion laws, particularly in the latter half of pregnancy when babies become viable outside of the womb. "Loosen" may be the understatement of the decade.

Prophecy News Watch: July 26, 2020

According to the New York Times article, "public opinion surveys show that most New Zealanders" favored liberalizing their country's abortion laws. However, independent polling shows that the vast majority oppose specific features in this law. For instance, just 2 percent of Kiwi women support abortion on-demand up to birth. 93 percent oppose sex-selective abortion, in which a child is killed for no other reason than his or her sex. And, 94 percent of women polled support longstanding legal standards for New Zealand's abortion providers. In other words, they didn't want them relaxed at all. Perhaps the unpopularity of abortion-on-demand-for-any-reason-whatsoever is why pro-abortion politicians in New Zealand felt the need to rush through this legislation while everyone was distracted by a global pandemic.
